Terri began her career in the area of information technology, spending 23 years in the area of management consulting, data management and data warehousing.

Hord Owens' resume includes more than 20 years in corporate America leading diverse teams in data management before she entered seminary. Despite professional success, she felt God had another assignment, and she accepted her call to ministry under the pastorate of Dr. T. She was ordained at Light of the World Christian Church, wearing the robe of her paternal grandfather, the late Rev. Noel Hord.

For the last 15 years, she has been the Dean of Students at the University of Chicago Divinity School, where she was responsible for administration and development of academic policy, student advising on personal matters, students' academic progress, admissions and financial aid, recruiting, and PhD student professionalization and placement.

She is a founding member of the Advisory Board for the Center for the Study of Black Faith and Life at Chicago Theological Seminary in Chicago. She was also active at the regional and national level of the Christian Church, in the area of intellectual interests including a theology of reconciliation, cultural intelligence, developing inclusive and multicultural congregations, and the mentoring of youth and young adults.

On July 9, 2017, Rev. Teresa "Terri" Hord Owens was elected as the new General Minister and President of the Christian Church (Disciples of Christ) in the United States and Canada. She is the first African-American to hold this post and the second woman to lead the denomination.
